

“What is to be particularly noted in these child conversions is a psychic cure, a return to what is normal. Actually, the normal child is one who is precociously intelligent, who has learned to overcome himself and to live in peace, and who prefers a disciplined task to futile idleness. When we see a child in this light, we would more properly call his 'conversion' a 'normalisation'”

Maria Montessori, *The Secret of Childhood*, Page 148
