

“It is a mental chemistry that takes place in the child, producing a chemical transformation. These impressions not only penetrate the mind of the child, they form it; they become incarnated, for the child makes his own 'mental flesh' in using the things that are in his environment. We have called this type of mind the 'absorbent mind' and it is difficult for us to conceive the magnitude of its powers.”

Maria Montessori, Education for a New World, Page 14
