

“Possession of the art of writing is not a mere skill, it represents the possession of a superior form of language added to its natural form. Written language complements spoken language and is integrated with it. Spoken language is developed naturally in every [person]... Language is one the characteristics which distinguish [humans] from the animals. It is a gift of nature bestowed on him alone. It is an expression of his intelligence.”

Maria Montessori, *The Formation of Man*, Page 79
